Detectives Made an Interesting Raid.

Husband's Letter Resulted In the Capture.

New York, June 26,-Acting Capt. Dillon, of the Tenderloin station, received the following letter by mail early

Capt. Dillon-This is to notify you that there is a woman's poolroom at 516 Sixth avenue, one flight up. My wife spends most of her time there, losing the money I give ber. Won't you please close the place, for it is ruining my wife and my home. A Victim.

Capt. Dillon turned the letter over to Detectives Black, Underhill, Buckridge and Courtney, with instructions to get sufficient evidence to raid the place When the races started yesterday the detectives went to work.

They found that the first floor of the address was supposed to be the Herald Square Employment agency. Detective Underhill went to the alleged a debt of \$1,000. Broke One And Robenstine's Jaws

While He Was Drinking a Glass of Beer.

(Special Correspondence.) Mogadore, O., June 25,-While Henry Robenstine was drinking a glass of beer at the bar of a local hotel Saturday evening a stone came crashing through a window and broke one of his jaws. It is said to have been thrown by Lewis Potts, who had had trouble with the proprietor of the hotel earlier in the evening. The story is that he was put out of the hotel for being disorderly, and that later he returned and threw a stone through the window of the barroom. Besides having his jaw broken, sev eral of Robenstine's teeth were knocked carried to the courts.

On Monday Potts and several, other persons were fined for intoxication and disorderly conduct at a show He and Bert Martin were each fined \$5 and costs, and Albert Collins and Samuel Shaw were each fined \$3 and costs.

INTEREST TO HAY FEVER SUFFERERS.

Physicians generally recommend a bange of climate for the relief of Hay Feyer, where such weeds and flowers as ragweed and honeysuckle are not indigenous, as these and many other flowers and grasses aggravate the disease. Many localities have been recommended, such as mountainous regions and sea coast, but generally at these resorts a great deal depends upon the vagaries of the wind and results are not always satisfactory, as if the wind should blow off shore, as it frequently does, there is no relief.

In Muskoka, and among the 30,000 Islands of the Georgian Bay conditions are different. It is of no consequence which way the wind blows. The preponderance of water area over land surface, the curative odors of balsam and pine, together with the elevation of a thousand feet above the sea, renders Hay Fever an impossible condition in this district. Handsome illustrated booklet entitled "Hay Fever, How to Avoid and Cure," may be had free by applying to G. T. Bell, General Passenger and Ticket Agent, Grand Trunk Railway System, Mont-

> Toledo, O., June 26 .- The "Twentyfive Hundred Block" on Vermont ave. holds a remarkable "twin" record. Charles Santzenbacher started the fad with two boys. Charles Webber followed with a boy and girl and then Edward Minniker came along with the third pair. Erward Shaunessey's wife presented him with a pair of twins yesterday and now the block has four pairs of twins born within eight months.

Spring Fever.

Spring fever is another name for billousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bow. el; and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried."
